

SPECIAL COVERAGE

For Use With Form DP 00 03

For an additional premium; the PERILS INSURED AGAINST listed below apply to either of the following coverages, if provided in this policy:

1. Improvements, Alterations and Additions;
2. Unit-Owners Building Items.

PERILS INSURED AGAINST

We insure against risks of direct loss to the property described above only if that loss is a physical loss to property.

This includes the perils of "catastrophic ground cover collapse" as provided in Part **A.** below and "sinkhole loss" as provided in Part **B.** below.

However, we do not insure loss:

1. Involving collapse, other than as provided in **Other Coverages – Collapse**;
2. Caused by:
 - a. Freezing of a plumbing, heating, air conditioning or automatic fire protective sprinkler system or of a household appliance, or by discharge, leakage or overflow from within the system or appliance caused by freezing.
This exclusion applies only while the dwelling is "vacant," "unoccupied," or being constructed, unless you have used reasonable care to:
 - (1) Maintain heat in the building; or
 - (2) Shut off the water supply and drain the system and appliances of water;
 - b. Freezing, thawing, pressure or weight of water or ice, whether driven by wind or not, to a:
 - (1) Fence, pavement, patio or swimming pool;
 - (2) Footing, foundation, bulkhead, wall or any other structure or device that supports all or part of a building or other structure;
 - (3) Retaining wall or bulkhead that does not support all or part of a building or other structure; or

- (4) Pier, wharf or dock;
- c. Theft of any property which is not actually part of any building or structure covered;
- d. Theft in or to a dwelling or structure under construction;
- e. Wind, hail, ice, snow or sleet to:
 - (1) Outdoor radio and television antennas and aerials including their lead-in wiring; masts or towers; or
 - (2) Trees, shrubs, plants or lawns;
- f. Vandalism and malicious mischief, theft or attempted theft if the dwelling has been "vacant" for more than 30 consecutive days immediately before the loss. A dwelling being constructed is not considered "vacant";
- g. Dropped objects to the interior of a building, property contained in a building, or flooring located outside of a building, unless the roof or an outside wall of the building is first damaged by a dropped object.
- h. Rain, snow, sleet, sand or dust to the interior of a building unless a covered peril first damages the building causing an opening in a roof or wall and the rain, snow, sleet, sand or dust enters through this opening.
- i. Accidental discharge or overflow of water or steam;
Unless loss to property covered under:
 - (1) Improvements, Alterations and Additions;
 - (2) Unit-Owners Building Items;
 results from an accidental discharge or overflow of water or steam from within a plumbing, heating, air conditioning or automatic fire protective sprinkler system or household appliance on the Described Location.
We also pay for tearing out and replacing any part of a building or other structure owned by you which is covered under (1) or (2) above and at the

location of the Described Location but only when necessary to repair the system or appliance from which the water or steam escaped.

However, such tear out and removal only applies to other structures if the water or steam causes actual damage to a building owned solely by you at the location of the Described Location.

However; we do not cover:

- (1) Loss to or within the Described Location, if the Described Location has been "vacant" for more than 30 consecutive days immediately before the loss. The Described Location being constructed is not considered "vacant";
- (2) Loss to the system or appliance from which this water or steam escaped;
- (3) Loss on the Described Location caused by accidental discharge or overflow which occurs off the Described Location;
- (4) Loss caused by constant or repeated seepage or leakage of water or steam, or the presence or condensation of humidity; moisture or vapor, which occurs over a period of weeks, months, or years, whether hidden or not and results in damage such as wet or dry rot, "fungi," deterioration, rust, decay or other corrosion; or
- (5) Loss otherwise excluded.

For purposes of this provision, a plumbing system or household appliance does not include:

- (1) A sump, sump pump, irrigation system or related equipment; or
 - (2) A roof drain, gutter, down spout or similar fixtures or equipment.
- j. (1) Wear and tear, marring, deterioration;
- (2) Inherent vice, latent defect, defect or mechanical breakdown;

(3) Smog, rust, decay or other corrosion;

(4) Smoke from agricultural smudging or industrial operations;

(5) Discharge; dispersal, seepage, migration release or escape of pollutants.

Pollutants means any solid, liquid, gaseous or thermal irritant or contaminant, including;

- (a) Smoke;
- (b) Vapor;
- (c) Soot;
- (d) Fumes;
- (e) Acids;
- (f) Alkalis;
- (g) Chemicals; and
- (h) Waste.

Waste includes materials to be recycled, reconditioned or reclaimed;

(6) Settling, shrinking, bulging or expansion, including resultant cracking, of pavements, patios, foundations, walls, floors, roofs or ceilings; or

(7) Birds, vermin, rodents, marsupials, animals, reptiles, insects or pests, including but not limited to, termites, snails, raccoons, opossums, armadillos, flies, bed bugs, lice, ticks, locust, cockroaches, and fleas.

If any of these cause water damage not otherwise excluded, from a plumbing, heating, air conditioning or automatic fire protective sprinkler system or household appliance, we cover loss caused by the water including the cost of tearing out and replacing any part of a building necessary to repair the system or appliance.

We do not cover loss to the system or appliance from which this water escaped.

For purposes of this provision, a plumbing system or household appliance does not include:

- (1) A sump; sump pump, irrigation system or related equipment; or
- (2) A roof drain, gutter, down spout or similar fixtures or equipment.

3. Excluded under GENERAL EXCLUSIONS.

Under items 1. and 2., any ensuing loss not excluded or excepted in this policy is covered.

Part A.

Catastrophic Ground Cover Collapse.

- 1. With respect to Improvements, Alterations and Additions, if provided in the policy:
 - a. We insure for direct physical loss to your Improvements, Alterations and Additions covered under the COVERAGES section of your policy, located within the "principal building;" caused by the peril of "catastrophic ground cover collapse."
 - b. Damage consisting merely of the settling or cracking of a foundation, structure or building does not constitute a loss resulting from a "catastrophic ground cover collapse."
 - c. Direct physical loss from "catastrophic ground cover collapse" does not apply to the costs to repair the depression or hole, or to stabilize the land on the Described Location.
- 2. With respect to Unit-Owners Building Items, if provided in the policy:
 - a. We insure for direct physical loss to the "principal building" caused by the peril of "catastrophic ground cover collapse."
 - b. Coverage **C** applies if there is a direct physical loss resulting from a "catastrophic ground cover collapse," unless the loss is excluded elsewhere in this policy.
 - c. Damage consisting merely of the settling or cracking of a foundation, structure or building does not constitute a loss resulting from a

"catastrophic ground cover collapse."

- d. Direct physical loss from "catastrophic ground cover collapse" does not apply to the costs to repair the depression or hole, or to stabilize the land on the Described Location.

If we at our option repair the "principal building" for direct physical loss resulting from the peril of "catastrophic ground cover collapse," we will stabilize the portion of the "principal building's" land which is your insurance responsibility under a corporation or association of property owners agreement in accordance with the professional engineers recommended repairs.

With respect to Part A.1. and Part A.2. above:

This coverage does not increase the limit of liability that applies to the damaged property.

The GENERAL EXCLUSION Earth Movement And Settlement 1.b. does not apply to "catastrophic ground cover collapse."

The GENERAL EXCLUSION Loss caused by Sinkhole 1.i. does not apply to "catastrophic ground cover collapse."

Part B.

- 1. With respect to Improvements, Alterations and Additions, if provided in the policy:

Sinkhole Loss.

- a. We insure for direct physical loss to your Improvements, Alterations and Additions covered under the COVERAGES section of your policy, located within the "principal building," caused by "sinkhole loss" that occurs during the policy period.
- b. Coverage **C** and additional living expense coverage applies if there is a direct physical loss resulting from "sinkhole loss," unless the loss is excluded elsewhere in your policy.

- c. Any verification of the presence of a "sinkhole loss" must be in compliance with Florida sinkhole testing standards. If the testing is performed at our request, we will notice you.

The professional engineer or professional geologist must be selected or approved by us.

- d. This peril does not apply to the costs to repair or stabilize the land, buildings, other structures or their foundations.
- e. This peril does not increase the limit of liability applying to the covered property.
- f. We do not insure land or the replacement; rebuilding, restoration, or value of land.
- g. If the loss or damage is caused by both "catastrophic ground cover collapse" and "sinkhole loss", only one limit of insurance will apply to such loss or damage.

2. With respect to Unit-Owners Building Items, if provided in the policy:

Sinkhole Loss.

- a. We insure for direct physical loss to the "principal building" under the COVERAGES section of your policy caused by "sinkhole loss" that occurs during the policy period. This includes the costs incurred to:

- (1) Stabilize the portion of the "principal building's" land and "principal building"; and
- (2) Repair the portion of the foundation of the "principal building";

which is your insurance responsibility under a corporation or association of property owners agreement, in accordance with the recommendations of our professional engineer who verifies the presence of a "sinkhole loss" in compliance with Florida sinkhole testing standards and with notice to you.

The professional engineer or professional geologist must be selected or approved by us.

- e. If the loss or damage is caused by both "catastrophic ground cover collapse" and "sinkhole loss", only one limit of insurance will apply to such loss or damage.

With respect to Part B.1 and Part B.2 above:

The GENERAL EXCLUSION Loss caused by Earth Movement And Settlement 1.b. does not preclude coverage for "sinkhole loss" if there is a direct physical loss to the "principal building" caused by "sinkhole loss."

If a loss is caused in part by "sinkhole loss" and in part by Earth Movement and Settlement, our liability is limited to the amount of the covered loss caused by "sinkhole loss," subject to any applicable deductible provisions.

The GENERAL EXCLUSION Loss caused by Sinkhole 1.i. does not apply to "sinkhole loss."
